EXPERIENCE

Trulieve.com(*Front End Developer*)

Aug2022 - PRESENT

- Successfully set up and customized the theme for the grocery app, ensuring a consistent and visually appealing user interface across 15+ pages
- Updated the address page using Redux to manage state effectively, allowing for dynamic handling of 5+ address types and seamless data flow.
- Enhanced the UI for displaying address details, achieving a 20% improvement in user interaction and navigation efficiency.
- Integrated 3+ frontend APIs to dynamically fetch and display data, improving data accuracy and reducing load times by 25%.
- Utilized Redux to manage and optimize state for over 10 components, ensuring that address data is stored, updated, and rendered dynamically from the Redux store.
- Developed reusable React components with props to improve code maintainability and efficiency, reducing development time by 30%.

Jameson info solution, LUCKNOW — *Frontend Developer (Intern)*

Dec 2021 - july2022
Daily work involves:

- Engineered and implemented multiple user forms using React, controlled components, and form validations, enhancing data capture accuracy by 25% and contributing to a 15% reduction in user input errors.
- Utilized browser dev tools extensively for performance profiling and optimization.
- Utilized TypeScript for type-safe development, ensuring code integrity and enabling seamless collaboration across teams.
- Integrated TailwindCSS for utility-first styling into the existing application, reducing CSS file size by 30% .

SKILLS

Frontend: React.js, Redux, React Hooks(useState,useEffect, useReducer, useContext, useRef), Typescript,Javascript(ES6+), HTML5, CSS3

Backend: Node.js, Express.js, MongoDb, Socket.io

DevOps: Git, Netlify,Vercel,Render,GitHub Actions, CI/CD

Tools:Git,GitHub,Npm,Yarn,Postman,Jira,VsCode

EDUCATION

Banaras Hindu University, Varanasi

June2011 - July2014

Lucknow University , Lucknow — *LLB*

JUNE2019 - July 2022.

LANGUAGE*: English, Hindi*

Portfolio Website - React.js

- Crafted an Interactive and Dynamic Portfolio Website

- Leveraged Reactjs to ensure a scalable and type-safe codebase, providing an optimal user experience across devices.

- Developed reusable components to minimize redundancy and enhance code maintainability.

- Set up and configured React Router for seamless navigation.

- Ensured a dynamic approach with no hard-coded elements, allowing easy content management through props.

- This project reflects my commitment to clean, maintainable, and scalable code, providing a user-friendly and engaging interface.
